Internship Buddies

& Lovely Trainer

What have I learnt from this internship?

- Have more knowledge about Financial Planning
- Understand more details about Takaful and could help to change people perception towards the insurance or takaful.
- Enhance my soft skills in communication , presentation and also leadership.
- Helps me to handle objection and rejection that comes through.
- Gain knowledge about Wealth Management Process , 5 Star Planning and a comprehensive Takaful.

Trip to Port Dickson for AUA Gathering

Beach Games

Great Eastern
TAKAFUL

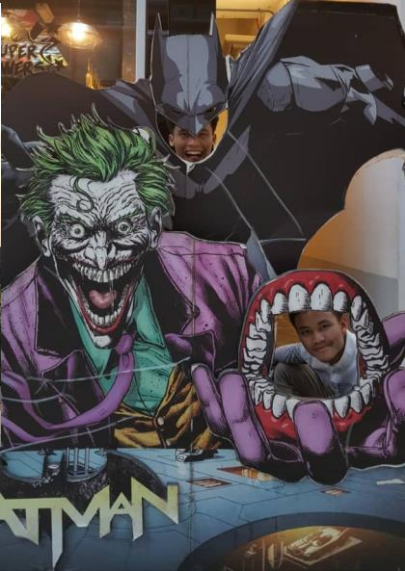

Went to Gleaneagles Medini Hospital Johor

*Launching Ceremony for
Cancer Centre*

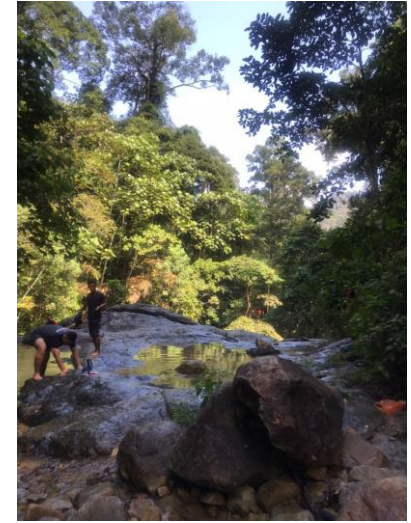

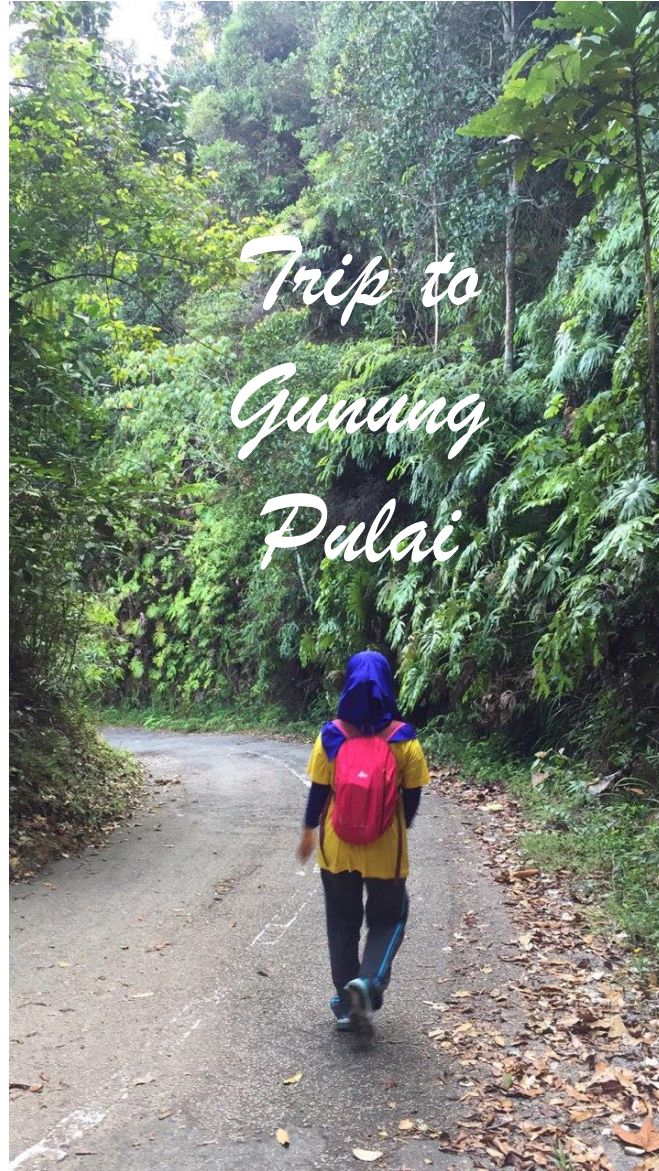

Visit Puteri Harbour

Visit Great Eastern Southkey

Takaful Mid-Year 2019

Farewell Party

Appreciation

- First of all, I would like to thank Mr Andy for giving me this special opportunity of internship .
- Your guidance to become a successful person in this career are very meaningful, useful and very limited to get .
- All the information and knowledge that you shared with us hopefully will stick in my mind and motivate me to go further in this career.
- Thank you also for treating us like family and make me feel very comfortable and loved with all the people around.
- To Miss Violet, I really feel thankful and grateful for all the things you shared with us and your smile makes me smile too.

To be honest from me to you guys who read this :

- Grab this opportunity as I bet that you can't get this kind of internship at others place.
- Sometimes what you don't like is something good for you, and sometimes what you like is bad for you.
- Whether you choose to be in this carrier or not , the things you will learn is still precious in your lifetime.
- Thinking to be a Financial Planner ? From A to Z the AVA Wealth Consultancy could lead you until you achieve the Dream Board that you design for the whole great life.
