Half years Review

It's such a bless and grateful to get know Mr. Andy, Mrs. Violet, Miss Farah, Miss Ain and all SG Takaful member at Ava Wealth Consultancy.

From this training, I am very happy because this career is very powerful. Using this powerful knowledge I can help all my family, friend, and also stranger to create a good financial planning.

During this training period, I have achieved the goals that I hope to increase confidence in speaking to the public, meeting strangers, and improving english proficiency.

I would like to thanks to Mr. Andy and his wife Mrs. Violet, Miss Farah and all the main power that provide me never ending support, guidance, and knowledge sharing.

I am very happy being surround with positive experience, knowledge and all new internship member.

After this program, I think that I will do more serious in this career because I am so happy and I believe that I can be a better person in future.

InsyaAllah, Let go Amirul
