FAREWELL PARTY

APPRECIATION SPEECH !

Highest appreciation thank you to Mr. Andy and his wife Mrs. Violet for this big opportunity, guidance and knowledge about the career path as a successful financial planner.

I really enjoyed every moments and I do love the positive vibes along my internship. Thank you for treating us like a family although its quite tiring and our schedule is packed with activities but you never stop sharing your knowledge with us.

Thank you to Miss Farah because being nice to us and take good care of us along internship programs.

I'm going to missed this moments so much and I hope Mr. Andy, Mrs. Violet and Miss Farah can see me at the top with you guys!
